Bank deposits - print out?
Escrito por depprussell123 - 20/06/2018 13:19

_____

Hello,

I am wondering if it is possible to get a print out of the bank deposit? How can I go back in FA to see the list of bank deposits and be abel to look at them?Also, if there is a print out, will it list the company who wrote the check? As the checks are listed, it only the GL account, the amount and the dimension, but how will one know which customer write the check?

Please help

I didn't find the right solution from the internet.
