

Why do people add you just to insult you

Escrito por LarryWalker - 23/04/2018 08:29

Hi,

There seems to be this weird trend atm where people add you immediately after losing to insult you. Someone called me pathetic because I beat him with my shaman (an un net decked battle cry shaman with no spells) don't they realise they are the pathetic ones ?

Please help.

I didn't find the right solution from the Internet.
