Internet Explorer issue Escrito por depprussell - 26/07/2018 13:33

Hello,

Does anyone experience Internet Explorer related issues? I have inline chat and it is working fine with FF, Ch and Safari bit none of the IE versions. I noticed that the dashboard suddenly changed last night for me and I think it may be related as the issue did not exist yesterday exact same settings. Could somebody make a comment or look after the issue very very urgently?

Any help will be apprecited.

I didn't find the right solution from the Internet.
